

SPSAS19 One-minute talks guidelines

Fancy subtitle for your presentation

André Mello;
Décio Soares;
Hamed Panjeh.

University of São Paulo (USP)

Institute of Mathematics and Statistics - USP - 2019

Main objectives

The main objectives of this presentation are:

- Provide a guideline for the preparation of the one-minute lightning talking;
- Present a suggested format for the presentation;
- Give some advice's on how to summarize your entire work into a minute;

General guidelines

- Short presentation (very few slides);
- Prefer figures instead text;
- Graphics instead of tables;
- No time for QA, but leave your contact info;

Suggested structure

- Main area of the work/interest;
- Very brief presentation of the objectives of your work/interest;
- Very brief presentation of results (if any).
